

SUBCHAPTER B. INSURANCE HOLDING COMPANY SYSTEMS

28 TAC §7.209

INTRODUCTION. The Texas Department of Insurance proposes amendments to 28 TAC §7.209 concerning the Form A statement, the statement regarding the acquisition or change of control of a domestic insurer. The proposed amendments are necessary to clarify that information submitted to TDI as part of the Form A statement that is required by statute is subject to public inspection while information not required by statute that is requested by TDI to evaluate enterprise risk to the insurer is confidential.

EXPLANATION. TDI amended the holding company rules in May of 2013, to implement statutory changes to the Holding Company Systems Act, Insurance Code Chapter 823, by SB 1431, 82nd Legislature, Regular Session (2011), and to adopt rules consistent with the updated National Association of Insurance Commissioners (NAIC) model regulations. The intent of the statutory amendments was to strengthen TDI's regulatory tools to evaluate enterprise risk that may develop in insurance holding company systems. The statutory amendments improved TDI's access to information about the financial condition of insurance holding company systems in response to the nation's recent financial crisis and enhanced TDI's ability to protect the interests of the public and the state.

The proposed amendments are meant to clarify that sensitive, proprietary, or confidential supplemental information not required by the acquisition statutes but instead requested by the commissioner under Insurance Code §823.201(e) to evaluate enterprise risk to the insurer is not part of the Form A statement. Information provided in response to a request under Insurance Code §823.201(e) is separate from the Form A statement and is confidential under Insurance Code §823.011 and cannot be disclosed to the public except as provided for in Insurance Code §823.011. These changes do not

affect information required by the acquisition statutes and filed with TDI as part of the Form A statement, which is subject to public inspection under Insurance Code §823.154(c). Headings, certifications, and other information not required by the acquisition statutes that are not sensitive, proprietary, or confidential by nature will remain in the Form A statement.

The amendments to §7.209 are proposed to maintain confidentiality of enterprise risk information that is not required by the acquisition statutes as part of the acquisition process. These amendments will give TDI the regulatory tools necessary to assess acquisitions and protect insurance consumers without comprising the confidential information of applicants.

TDI proposes amendments to subsection (a) to address the separation of information an applicant must submit as part of the Form A statement from supplemental information an applicant must submit for TDI to evaluate enterprise risk to the insurer. As amended, only information required under subsections (b) – (p), including information concerning divestiture of control, is required as part of the Form A statement and subject to public inspection. Supplemental information required under proposed new subsections (r) – (z), which is required to evaluate enterprise risk to the insurer, is confidential and not part of the Form A statement. Also, an additional amendment to subsection (a) provides notice that an applicant may submit its application and supplemental information on a form made available by the department.

TDI proposes to delete Figure 28 TAC §7.209(a) and Figure 28 TAC §7.209(o), and replace the content of those figures with text in (b)(1) and (o)(1) respectively.

TDI proposes amendments to subsections (c)(2) and (3); (d); (e)(1) and (2); (f)(1); (g); (m)(1), (2), and (4); and (o)(3) and (4), and deletion of subsections (f)(2) and (4) and (m)(3)(B) and (5) to separate requirements regarding submission of sensitive, proprietary, or confidential information not required by the acquisition statutes from the information an applicant must submit as part of the Form A statement.

Requirements addressing submission of this information are deleted from these provisions and incorporated into new subsections (r)(1) and (2); (s)(1) and (2); (t)(1) and (2); (u)(1) – (3), (v); (w)(1) – (5); (y)(1) and (2); and (z), which provide for applicant submission of information to evaluate enterprise risk to the insurer.

TDI proposes amendments to subsection (d) and new subsection (s)(1) to clarify that both direct and indirect owners of 10 percent or more of the voting securities of an applicant must furnish information requested under Insurance Code §823.201(b).

TDI proposes amendments to subsection (e)(3) to renumber it as (e)(2) and add language to clarify that the applicant must specifically request that the identity of the lender be kept confidential and not include the identity of the lender with the information required by the section.

TDI proposes an amendment to delete subsection (f)(3) because this provision addresses determining whether a domestic insurer complies with 28 TAC Chapter 22, but this information is not necessary to assess an acquisition.

TDI proposes an amendment to delete language in subsection (i) that requires an applicant to identify persons with whom voting contracts, arrangements, or understandings have been made.

TDI proposes an amendment to subsection (m)(2) to allow an applicant to submit statements already filed with TDI, NAIC, or another regulatory agency that easily can be accessed by electronic link as an alternative to submission of hard copy or electronic attachments.

TDI proposes amendments to delete the current subsection (m)(5), which contains language stating that certain annual reports are not part of the required material submitted to TDI, but are subject to public inspection during the pendency of the application, because the reports are confidential as requested to evaluate enterprise risk.

TDI proposes amendments to subsection (o)(1) to delete the request for email addresses, because email addresses for members of the public communicating electronically with a government agency are confidential under Government Code §552.137 and not subject to public inspection.

TDI proposes an amendment to subsection (o)(4) to add a provision stating that supplemental information concerning divestitures under subsection (y) is required to evaluate enterprise risk to the insurer and must be submitted separately.

TDI proposes an amendment to subsection (p) and language in new subsection (z) to add an exception for alien applicants, which must submit a certification acceptable in their jurisdiction.

TDI proposes new subsection (q) to reflect that information required to evaluate enterprise risk to the insurer under subsections (r) – (z) is confidential and not part of the Form A statement.

TDI proposes provisions in new subsections (r)(2), (s), and (w)(1) and (2) to add requirements for the submission of the ultimate controlling person's organizational chart, biographical data, fingerprints, and financial projections and statements, respectively, and to clarify that an affiliate or owner of 10 percent or more of the voting securities includes the ultimate controlling person.

TDI proposes provisions in new subsection (s)(2) to add requirements that the applicant and other persons listed in the subsection provide an independent third party background investigation report from a list of vendors furnished by the NAIC or as acceptable to the commissioner. The report gives TDI more data to make an informed decision about the applicant and other persons in addition to fingerprinting. A current version of the report is necessary because there is no system in place to verify an event subsequent to the date of the report.

TDI proposes new subsection (u)(2) to add a requirement that the applicant must describe its business plans for the insurer and the ultimate controlling person's business plans for the holding company system; increase the length of time from 24 months, as required by subsection (f)(2) of the

current rule, to three years or time of debt service to be consistent with the financial statement requirement; allow the applicant to file its business plan on the NAIC Uniform Certificate of Authority Application; and replace the word “increase” with “change” to clarify any change in capital or surplus.

TDI proposes a provision in new subsection (w)(1) to clarify that financial projections are not required for individuals, and the commissioner may provide for a lesser time requirement for publicly-traded companies.

TDI proposes a provision in new subsection (w)(2) to clarify that financial statements of the ultimate controlling person are only confidential if the person is not a publicly-traded company.

TDI proposes new subsection (x) to add a requirement that the applicant describe the applicant and ultimate controlling person's cybersecurity plans and the future cybersecurity plans for the insurer, to evaluate enterprise risk to the insurer.

TDI proposes new Figure 28 TAC §7.209(z) to add a separate certification for the supplemental information submitted to the commissioner to evaluate enterprise risk to the insurer.

TDI proposes amendments to renumber subsections where appropriate. Finally, TDI proposes amendments that are nonsubstantive in nature to conform with TDI's writing style guides.

FISCAL NOTE AND LOCAL EMPLOYMENT IMPACT STATEMENT. Doug Slape, deputy commissioner, Financial Regulation Division, has determined that, for each year of the first five years the proposed amendments are in effect, there will be no measurable fiscal impact to state and local governments as a result of the enforcement or administration of this proposal. Mr. Slape does not anticipate any measurable effect on local employment or the local economy as a result of this proposal.

PUBLIC BENEFIT AND COST NOTE. Mr. Slape has also determined that for each year of the first five years the proposed amendments will be in effect, there will be public benefits resulting from the proposal. The public benefit of the proposed amendments will be to foster robust disclosures to better protect the public, because acquiring parties will be more likely to provide confidential information that TDI can use to accurately assess acquisitions if they know that the information they provide to TDI to evaluate enterprise risk to the insurer will remain confidential. There is no anticipated costs to persons required to comply with this proposal.

ECONOMIC IMPACT STATEMENT AND REGULATORY FLEXIBILITY ANALYSIS FOR SMALL AND MICRO BUSINESSES. Government Code §2006.002(c) and (f) require that if a proposed rule may have an economic impact on small or micro businesses, state agencies must prepare as part of the rulemaking process an economic impact statement that assesses the potential impact of the proposed rule on these businesses, and a regulatory flexibility analysis that considers alternative methods of achieving the purpose of the rule. Government Code §2006.001(2) defines "small business" as a legal entity, including a corporation, partnership, or sole proprietorship, that is formed for the purpose of making a profit; is independently owned and operated; and has fewer than 100 employees or less than \$6 million in annual gross receipts. Government Code §2006.001(1) defines "micro business" similarly to "small business" but specifies that such a business may not have more than 20 employees. This proposal does not have any economic impact on small or micro businesses, so no economic impact statement or regulatory flexibility analysis is required.

TAKINGS IMPACT ASSESSMENT. TDI has determined that no private real property interests are affected by this proposal. This proposal does not restrict or limit an owner's right to property that would

otherwise exist in the absence of government action and so does not constitute a taking or require a takings impact assessment under Government Code §2007.043.

REQUEST FOR PUBLIC COMMENT. If you wish to comment on this proposal, your written comments must be postmarked no later than 5 p.m., Central time, on May 31, 2016. Please send comments either by mail to the Texas Department of Insurance, Office of the Chief Clerk, Mail Code 113-2A, P.O. Please simultaneously submit an additional copy of the comments by mail to Mike Arendall, Financial Analysis, Mail Code 303-1A, Texas Department of Insurance, P.O. Box 149104, Austin, Texas 78714-9104 or by email to Mike.Arendall@tdi.texas.gov. If you wish to request a public hearing on this proposal, you must submit a separate request by mail to the Texas Department of Insurance, Office of the Chief Clerk, Mail Code 113-2A, P.O. Box 149104, Austin, Texas 78714-9104, or by email to chiefclerk@tdi.texas.gov before the close of the public comment period. If TDI holds a hearing, the commissioner will consider written and oral comments presented at the hearing.
