~~Table of classifications by hazard group~~~~Rule ID: BM-HAZT-T640A~~~~Effective Date: February 1, 2022~~

~~The Table of classifications by hazard group contains: a list of classification codes, the hazard group each code is assigned to, and the states each code and hazard group either applies or is discontinued.~~

<del>Class Code</del>	<del>Class Code applies in:</del>	<del>Class Code discontinued in:</del>	<del>Hazard Group A–G effective date:</del>
-----------------------	-----------------------------------	--	---

**Note:** Due to space considerations, the Table of classifications by hazard group - Rule ID: BM-HAZT-T640A - effective February 1, 2022, is not displayed in its entirety in Exhibit 1. Nonetheless, by striking through the title, Rule ID, effective date, and table headers, this Exhibit 1 proposes to eliminate in its entirety the Table of classifications by hazard group, effective March 1, 2023 in all states except Texas, which is proposed to become effective July 1, 2023, and in Hawaii the effective date is determined upon regulatory approval of the individual carrier's election to adopt this change. See Exhibit 2, for each state's specific Table of classifications by hazard group table.

### Rules for providing insurance to operations on waters not subject to Admiralty jurisdiction

Rule ID: BM-FEDE-RB3CE

Effective Date: ~~November 1, 2021~~ March 1, 2023

If you provide insurance for operations on waters not subject to Admiralty jurisdiction, you must use policy and endorsement forms. This insurance is subject to the rules that apply to statutory workers compensation insurance. Apply Admiralty law classifications and rates and loss costs for Program II to operations on waters that are not subject to such operations.

- The advisory loss cost for each classification is shown after its code number applicable in the state.
- The manual rate for each classification is the authorized rate approved by the appropriate insurance regulatory authority for your use.

### Exhibit 24K Basic Manual—Effective 2021—Texas

#### Rules for applying classifications and loss costs to oil, gas, or other mineral operations on or over water

Rule ID: BM-FEDE-RBB9D

Effective Date: ~~April 1, 2022~~ July 1, 2023

You may need to apply specific classifications and loss costs to non-over water (OW) classifications because non-OW loss costs do not include premium for operations subject to oil, gas, or other mineral operations on or over water.

##### Rules for applying specific classifications and loss costs

If operations assigned to non-OW classifications include employees who are subject to oil, gas, or other mineral operations on or over water

- assign the non-OW classifications that describe the duties performed, and
- increase the loss cost and minimum premium for non-OW classifications by the factor developed by the carrier.

##### Rule for providing transportation, wages, maintenance, and cure coverage

Code 7016, Code 7024, and Code 7047 apply for the crew of all barges, supply boats, tugs, or any vessel used in connection with oil, gas, or other mineral operations.

To provide transportation, wages, maintenance, and cure coverage, you may increase the loss costs for Code 7016, Code 7024, and Code 7047 up to 10%.

## Filing Memorandum

### Item B-1446—Revisions to NCCI's Basic Manual, Residual Market Manual, and Forms Manual

---

#### Purpose

The item proposes to

- reformat the Table of classifications by hazard group in NCCI's **Basic Manual for Workers Compensation and Employers Liability Insurance (Basic Manual)**
- update various rules and classifications in NCCI's **Basic Manual** and NCCI's **Residual Market Manual for Workers Compensation and Employers Liability Insurance (Residual Market Manual)** based on feedback received, and
- update Texas Form DNE-1A—Deductible Notice of Election in NCCI's **Forms Manual of Workers Compensation and Employers Liability Insurance (Forms Manual)**.

#### Background

Item B-1444—NCCI's Basic Manual for Workers Compensation and Employers Liability Insurance and Item RM-W-8047—NCCI's Residual Market Manual for Workers Compensation and Employers Liability Insurance introduced new editions of NCCI's **Basic Manual** and **Residual Market Manual**, respectively.

Since the implementation of these filings, we have received valuable stakeholder feedback. Based on this feedback, we are recommending additional improvements.

This filing does not make any substantive changes to any rule or classification that would result in premium impact.

The updates reflected in the attached **Basic Manual**, **Residual Market Manual**, and **Forms Manual** state exhibits fall into two categories:

1. Reformatting of NCCI's **Basic Manual** Table of classifications by hazard group by eliminating the countrywide table in its entirety and replacing it with individual state-specific tables.  
Based on feedback received from stakeholders, the Table of classifications by hazard group has been restructured to
  - improve usability, and
  - enable users to view hazard group assignment by state.

Because the tables are now state specific, the applies in and discontinued columns in the table have been eliminated.

Each state's **Basic Manual** will contain a reformatted table that includes

- a state-specific list of classification codes
- the hazard group that each code is assigned to, and
- the hazard group effective date for each code.

2. General updates to the manuals' content

Based on additional stakeholder feedback and routine reviews of the content, it is necessary to

- clarify certain classification phraseologies

Filing Memorandum

**Item B-1446—Revisions to NCCI's Basic Manual, Residual Market Manual, and Forms Manual**

- update format and structure of certain rules and classifications
- update content for grammatical issues
- update various rule references, and
- update references to the United States Longshore and Harbor Workers' Compensation (USL&HW) Act.

**Proposal**

This item proposes to update NCCI's **Basic Manual**, **Residual Market Manual**, and the **Forms Manual** with the changes described in the Exhibit Comments and Implementation Summary.

**Impact**

There will be no premium impact as a result of the proposed changes.

**Exhibit Comments and Implementation Summary**

In all states, except Hawaii and Texas, this item is to become effective for new and renewal policies with effective dates on and after 12:01 a.m. on March 1, 2023.

In Hawaii, the effective date is determined upon regulatory approval of the individual carrier's election to adopt this change.

In Texas, this item is to become effective for new and renewal policies with effective dates on and after 12:01 a.m. on July 1, 2023.
