RE: Increase in Fees for Designated Doctor and Certifying Doctor Training

The Texas Department of Insurance, Division of Workers' Compensation (DWC) will increase fees for designated doctor and certifying doctor required and optional training courses, webinars, and workshops starting calendar year 2024. The increased fees will help cover the cost of hosting the training sessions, which includes registration and application fees for continuing medical education.

Please visit the TDI website for all designated doctor and certifying doctor training information at www.tdi.texas.gov/alert/event/dd.html.
