Date: 06-02-2021

## **Subject Considered:**

ACIG Insurance Company 2600 North Central Expressway, Suite 800 Richardson, Texas 75080-2064

Consent Order

DWC Enforcement File No. 26067

#### **General remarks and official action taken:**

This is a consent order with ACIG Insurance Company (ACIG). The commissioner of the Texas Department of Insurance, Division of Workers' Compensation (DWC) considers whether DWC should take disciplinary action against ACIG.

#### Waiver

ACIG acknowledges that the Texas Labor Code and other applicable laws provide certain rights. ACIG waives all of these rights, and any other procedural rights that apply, in consideration of the entry of this consent order.

## **Findings of Fact**

1. ACIG holds a certificate of authority issued by the Texas Department of Insurance to transact the business of insurance pursuant to Tex. Ins. Code §§ 801.051-801.053 and is licensed to write multiple lines of insurance in Texas, including workers' compensation/employers' liability insurance.

2. ACIG was classified as "average" tier in the 2009 Performance Based Oversight (PBO) assessment. ACIG was not selected to be tiered in the 2007, 2010, 2012, 2014, 2016, or 2018 PBO assessments.

### DWC Audit No. MBP-20-101

3.	On, DWC initiated DWC Audit No. MBP-20-101 to determine
	whether ACIG complied with the Texas Labor Code and related rules on the timely
	processing of initial medical bills and the timely and accurate reporting of
	electronic data interchange (EDI) medical bill payment data to DWC.

4.	The audit examined initial medical bills submitted to DWC between
	, and DWC identified 100 bills for audit. A total of four
	initial medical bills failed to meet selection criteria and were dropped from the
	audit sample. The remaining 96 bills were reviewed to determine ACIG's
	compliance.

5. The audit focused on the timely and accurate processing of initial medical bills and EDI reporting. The EDI portion of the audit focused on the timely and accurate reporting of medical bill payment data and seven data elements reported to DWC (Rendering Line Provider National Provider Identifier Number (NPI), Rendering Line Provider State License Number, Referring Provider Last/Group Name, Referring Provider State License Number, Billing Provider Federal Employer Identification Number, Date Bill Received, and Date Bill Paid or Denied).

#### Failure to Timely Pay Medical Bills

- 6. ACIG failed to timely process 7% of the initial medical bills within 45 days of receiving the bill (seven out of 96).
- 7. Specifically, ACIG issued late payments to the health care providers between six and 15 days late in two instances, between 16 and 30 days late in three instances, and over 30 days late in two instances.

Failure to Timely or Accurately Report EDI Medical Bill Payment Data to DWC

8. ACIG failed to timely report initial medical bills for 9% of examined bills (nine out of 96).

- 9. ACIG failed to accurately report the Referring Provider Last/Group Name for 22% of examined bills (21 out of 96).
- 10. ACIG failed to accurately report the Referring Provider State License Number for 17% of examined bills (16 out of 96).
- 11. ACIG failed to accurately report the Date Bill Received for 15% of examined bills (14 out of 96).
- 12. ACIG failed to accurately report the Date Bill Paid or Denied for 2% of examined bills (two out of 96).

#### **Assessment of Sanction**

- 1. Prompt processing and payment of medical bills is imperative to DWC's goal of ensuring that injured employees have access to prompt, high-quality medical care.
- 2. DWC relies on medical bill payment information insurance carriers submit for many purposes, including, but not limited to, providing required information and reports to the Legislature; ensuring that health care providers and insurance carriers comply with DWC's medical policies and fee guidelines; creating medical fee guidelines; adopting treatment and return-to-work guidelines; and detecting patterns and practices in medical charges, payments, and protocols.
- 3. DWC relies on claims information insurance carriers submit for many purposes, including, but not limited to, providing required information and reports to the Legislature, ensuring that insurance carriers comply with the Texas Labor Code and DWC rules, and detecting patterns and practices in actions taken on claims.
- 4. In assessing the sanction for this case, DWC fully considered the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e):
  - the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act;
  - the history and extent of previous administrative violations;
  - the violator's demonstration of good faith, including actions it took to rectify the consequences of the prohibited act;
  - the penalty necessary to deter future violations;

- whether the administrative violation had a negative impact on the delivery of benefits to an injured employee;
- the history of compliance with EDI requirements;
- to the extent reasonable, the economic benefit resulting from the prohibited act; and
- other matters that justice may require, including, but not limited to:
  - PBO assessments;
  - o prompt and earnest actions to prevent future violations;
  - o self-report of the violation;
  - o the size of the company or practice;
  - o the effect of a sanction on the availability of health care; and
  - evidence of heightened awareness of the legal duty to comply with the Texas Workers' Compensation Act and DWC rules.
- 5. DWC found the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e) to be aggravating: the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act; the history and extent of previous administrative violations; whether the administrative violation had a negative impact on the delivery of benefits to an injured employee; and other matters that justice may require, including the size of the company or practice.
- 6. DWC found the following factors in Tex. LAB. CODE § 415.021(c) and 28 Tex. ADMIN. CODE § 180.26(e) to be mitigating: the violator's demonstration of good faith, including actions it took to rectify the consequences of the prohibited act, as ACIG has instituted additional training programs and review processes intended to ensure the errors do not reoccur.
- 7. ACIG acknowledges it communicated with DWC about the relevant statutes and rules it violated; the facts establish that the administrative violation occurred; and the proposed sanction is appropriate, including the factors DWC considered under Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
- 8. ACIG acknowledges that, in assessing the sanction, DWC considered the factors in Tex. Lab. Code § 415.021(c) and 28 Tex. ADMIN. Code § 180.26(e).
