

No. 2023-8431

**Official Order
of the
Texas Commissioner of Workers' Compensation**

Date: 12/21/2023

Subject Considered:

Dallas County
PO Box 541387
Dallas, Texas 75354-1387

Consent Order
DWC Enforcement File Nos. 32978 & 32980

General remarks and official action taken:

This is a consent order with Dallas County (Respondent). The commissioner of the Texas Department of Insurance, Division of Workers' Compensation (DWC) considers whether DWC should take disciplinary action against Respondent.

Waiver

Respondent acknowledges that the Texas Labor Code and other applicable laws provide certain rights. Respondent waives all of these rights, and any other procedural rights that apply, in consideration of the entry of this consent order.

Findings of Fact

1. Respondent is a self-insured government entity that provides workers' compensation benefits to its employees in accordance with Tex. Lab. Code Ch. 504.
2. Respondent was not selected to be tiered in the Performance Based Oversight (PBO) assessments in years 2018 through 2022.
3. On [REDACTED], an employee sustained a work-related injury. From [REDACTED], through [REDACTED], the injured employee incurred out-of-pocket health care expenses related to the injury.

Failure to Timely Act on Requests for Reimbursement

4. On [REDACTED], the injured employee submitted to Respondent a request for reimbursement of out-of-pocket medical and pharmaceutical expenses supported by documentation including credit card statements and bills.
5. Respondent was required to pay or deny the requests not later than the 45th day from receipt, or by [REDACTED].
6. On [REDACTED], Respondent paid the injured employee \$ [REDACTED] in reimbursed medical and pharmaceutical expenses, which was 20 days late.

Assessment of Sanction

1. Failing to timely respond to a reimbursement request increases the likelihood of disputes and impedes efforts to resolve them promptly and fairly. Further, failure to timely act on a reimbursement request is economically harmful and circumvents the Texas workers' compensation system and the roles of its system participants.
2. In assessing the sanction for this case, DWC fully considered the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e):
 - the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act;
 - the history and extent of previous administrative violations;
 - the violator's demonstration of good faith, including actions it took to rectify the consequences of the prohibited act;
 - the penalty necessary to deter future violations;
 - whether the administrative violation had a negative impact on the delivery of benefits to an injured employee;
 - the history of compliance with electronic data interchange requirements;
 - to the extent reasonable, the economic benefit resulting from the prohibited act; and
 - other matters that justice may require, including, but not limited to:
 - PBO assessments;
 - prompt and earnest actions to prevent future violations;
 - self-report of the violation;
 - the size of the company or practice;
 - the effect of a sanction on the availability of health care; and

- evidence of heightened awareness of the legal duty to comply with the Texas Workers' Compensation Act and DWC rules.
3. DWC found the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e) to be aggravating: the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act; the history and extent of previous administrative violations; the penalty necessary to deter future violations; and whether the administrative violation had a negative impact on the delivery of benefits to an injured employee. Specifically, Respondent has a recent consent order for the same violation involving the same injured employee (Order No 2023-8372).
 4. DWC considered the following factor mitigating, pursuant to Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e): Respondent is a self-insured governmental entity.
 5. Respondent acknowledges communicating with DWC about the relevant statute and rule violations alleged; that the facts establish that the administrative violation(s) occurred; and that the proposed sanction is appropriate, including the factors DWC considered under Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
 6. Respondent acknowledges that, in assessing the sanction, DWC considered the factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).

Conclusions of Law

1. The commissioner has jurisdiction over this matter pursuant to Tex. Lab. Code §§ 402.001, 402.00111, 402.00114, 402.00116, 402.00128, 414.002, and 414.003.

3. Respondent has knowingly and voluntarily waived all procedural rights to which it may have been entitled regarding the entry of this order, including, but not limited to, issuance and service of notice of intent to institute disciplinary action, notice of

hearing, a public hearing, a proposal for decision, a rehearing by the commissioner, and judicial review.

4. Pursuant to Tex. Lab. Code § 415.021, the commissioner may assess an administrative penalty against a person who commits an administrative violation.
5. Pursuant to Tex. Lab. Code § 415.002(a)(20), an insurance carrier or its representative commits an administrative violation each time it violates a DWC rule.

6. Pursuant to 28 Tex. Admin. Code § 133.270(c), an insurance carrier shall pay or deny an injured employee's request for reimbursement of out-of-pocket medical expenses within 45 days of receipt.
7. Respondent violated Tex. Lab. Code § 415.002(a)(20) and 28 Tex. Admin. Code § 133.270(c) by failing to timely act on a request for reimbursement of medical expenses within 45 days of receipt.
