November 20, 2015

Honorable Greg Abbott, Governor
Honorable Glenn Hegar, Texas Comptroller
Ms. Ursula Parks, Director, Legislative Budget Board
Mr. John Keel, CPA, State Auditor

Dear Governor Abbott, Comptroller Hegar, Ms. Parks, and Mr. Keel:

We are pleased to submit the Texas Department of Insurance's *Annual Financial Report* for the fiscal year ending August 31, 2015, in compliance with the *Texas Government Code, Ann.* §2101.011, and the requirements of the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. This financial report will be considered for audit by the state auditor as part of the State of Texas *Comprehensive Annual Financial Report (CAFR)*; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Joe Meyer at 512-676-6167.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. Mattax".

David Mattax
Commissioner of Insurance

**TEXAS DEPARTMENT OF INSURANCE
ANNUAL FINANCIAL REPORT
FISCAL YEAR 2015**

TEXAS DEPARTMENT OF INSURANCE (454)

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ENTITY

The Texas Department of Insurance (TDI) is an agency of the State of Texas and its financial records comply with State statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' *Reporting Requirements for State Agencies*.

TDI statutory authority is Chapter 31.002 of the Texas Insurance Code. Chapter 31.002 states "the department shall (1) regulate the business of insurance in this State; (2) administer the workers' compensation system of this State as provided by the Texas Workers' Compensation Act, Labor Code Title 5, and (3) ensure that this code and other laws regarding insurance and insurance companies are executed." The history of the Agency dates back to the Texas Constitution of 1876. Since then, the composition of the Agency has changed several times. In 1993, House Bill No. 1461, 73rd Legislature, Regular Session, amended the Insurance Code to establish the Commissioner of Insurance as the primary policy-setting authority and to abolish the three-member State Board of Insurance no later than September 1, 1994. The Board transferred all remaining authority to the Commissioner effective December 16, 1993. Additionally, effective September 1, 2005, House Bill 7, 79th Legislature, Regular Session, created the Division of Workers' Compensation within TDI. This legislation transferred many of the duties and functions of the abolished Texas Workers' Compensation Commission to the Division of Workers' Compensation to administer and operate the workers' compensation system of the State.

TDI includes within this report all components as determined by an analysis of its relationship to TDI as listed below:

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the *State of Texas Comprehensive Annual Financial Report*; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Blended Component Units

No component units have been identified which should be blended into an appropriate fund.

Discretely Presented Component Units

These component units are legally separate from the State, but are financially accountable to the State, or have a relationship with the State such that exclusion would cause the financial statements to be misleading or incomplete. The component unit columns of the financial statements include the financial data of these eight entities. Information on these component units can be found in Note 19.

- Surplus Lines Stamping Office of Texas
- Texas Health Reinsurance System
- Texas Health Insurance Pool
- Texas Windstorm Insurance Association
- Texas Life and Health Insurance Guaranty Association
- Texas Title Insurance Guaranty Association
- Fair Access to Insurance Requirements Plan Association
- Texas Property and Casualty Insurance Guaranty Association

TEXAS DEPARTMENT OF INSURANCE (454)

FUND STRUCTURE

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting entity.

GOVERNMENTAL FUND TYPES AND GOVERNMENT-WIDE ADJUSTMENT FUND TYPES

General Fund

The General Fund is the principal operating fund used to account for most of the State's general activities. It accounts for all financial resources except those accounted for in other funds.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than for private-purpose trusts or for major capital projects) that are legally restricted to use for specified purposes.

Capital Assets Adjustment Fund Type

Capital Assets Adjustment Fund Type is used to convert governmental fund types' capital assets from modified accrual to full accrual.

Long-Term Liabilities Adjustment Fund Type

Long-Term Liabilities Adjustment Fund Type is used to convert governmental fund types' debt from modified accrual to full accrual.

Other Adjustments Fund Type

Other Adjustments Fund Type is used to convert all other governmental fund types' activity from modified accrual to full accrual.

PROPRIETARY FUND TYPES

Enterprise Funds

Enterprise Funds are used to account for any activity for which a fee is charged to external users for goods or services. Activities must be reported as enterprise funds if any one of the following criteria is met:

- The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity.
- Laws or regulations require that the activity's costs of providing services including capital costs (such as depreciation or debt service), be recovered with fees and charges.
- The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs.

FIDUCIARY FUND TYPES

Fiduciary funds account for assets held by the State in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. When assets are held under the terms of a formal trust agreement, either a pension trust fund, or a private purpose trust fund is used.

Agency Funds

Agency Funds are used to account for assets the government holds on behalf of others in a purely custodial capacity. Agency funds involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Private-Purpose Trust Funds

Private-Purpose Trust Funds are used to account for all other trust arrangements whose principal and interest benefit individuals, private organizations, or other governments.

COMPONENT UNITS

The fund types of the individual discrete component units are available from the component units' separately issued financial statements. Additional information about component units can be found in Note 19.

Proprietary Component Units are used to account for discretely presented component units which follow proprietary fund measurement focus and accounting principles.

TEXAS DEPARTMENT OF INSURANCE (454)**BASIS OF ACCOUNTING**

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year end.

The State of Texas considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year for Fund Financial Statements prepared on the modified accrual basis. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual basis of accounting. The following activities are recognized in these fund types:

- Capital assets
- Accumulated depreciation
- Unpaid employee compensable leave
- Full accrual revenues and expenses

Proprietary funds and private-purpose trust funds are accounted for on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services in connection with the proprietary funds principal ongoing operations. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

BUDGET AND BUDGETARY ACCOUNTING

The budget is prepared biennially and represents appropriations authorized by the Legislature and approved by the Governor (the General Appropriations Act).

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

ASSETS, LIABILITIES, AND FUND BALANCES/NET POSITION**ASSETS**Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenues set aside for statutory or contractual requirements.

Inventories and Prepaid Items

Inventories consist of consumable inventories. The consumption method of accounting is used to account for inventories and prepaid items that appear in the governmental and proprietary fund types. The cost of these items is expensed when the items are consumed.

Capital Assets

Assets with an initial, individual cost of more than \$5,000, and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost or, if purchased, at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. Assets are depreciated over the estimated useful life of the asset, using the straight-line method.

All capital assets acquired by proprietary funds are reported at cost or estimated historical cost, if actual historical cost is not available. Depreciation is charged to operations over the estimated useful life of each asset, using the straight-line method.

TEXAS DEPARTMENT OF INSURANCE (454)Other Receivables – Current and Noncurrent

Other receivables include year-end revenue accruals. This account can appear in governmental and proprietary fund types. The disaggregation of other receivables, for proprietary fund types, as reported in the financial statements is disclosed in Note 24.

Other Assets – Current and Noncurrent

Other assets reflects the portion of other assets that are not classified in any other categories of assets. This account appears in our proprietary fund type. Surplus Lines Stamping Office of Texas (proprietary fund 3159) reported \$43,266.00 in other non-current assets, Texas Windstorm Insurance Association (proprietary fund 4154) reported \$1,248,309.00 in other current assets, and the Fair Access to Insurance Requirements Plan Association (proprietary fund 4163) reported \$398,556.00 in other current assets respectively for FY 2015.

LIABILITIES

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Other Payables – Current and Noncurrent

Payables are the accrual at year-end of expenditure transactions. Payables may be included in either the governmental or proprietary fund types. The disaggregation of other payables, for proprietary fund types, as reported in the financial statements is disclosed in Note 24.

Claims and Judgments

Claims and Judgments which are settled yet unpaid at year-end but will be paid with future fund resources.

Employees' Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that become "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net position.

FUND BALANCE/NET POSITION

The difference between fund assets and liabilities is "Net Position" on the government-wide, proprietary, and fiduciary fund statements. The "Fund Balance" is the difference between fund assets and liabilities on the governmental fund statements.

Fund Balance Components

Fund balances for governmental funds are classified as nonspendable, restricted, committed, assigned, or unassigned in the fund financial statements:

- Nonspendable fund balance includes amounts not available to be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact.
- Restricted fund balance includes those resources that have constraints placed on their use through external parties or by law through constitutional provisions.
- Committed fund balance can be used only for specific purposes pursuant to constraints imposed by a formal action of the Texas Legislature, the State's highest level of decision making authority.
- Assigned fund balance includes amounts constrained by the State's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (1) the Texas Legislature or (2) a body (for example, a budget or finance committee) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.
- Unassigned fund balance is the residual classification for the general fund. This classification represents fund balances that were not assigned to other funds and were not restricted, committed, or assigned to specific purposes within the general fund.

Invested in Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of: capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted Net Position

Restricted net position results when constraints placed on net resources are either externally imposed by creditors, grantors, contributors and the like or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position

Unrestricted net position consists of net resources that do not meet the definition of the two preceding categories.

TEXAS DEPARTMENT OF INSURANCE (454)

INTERFUND ACTIVITIES AND BALANCES

The agency has the following types of transactions among funds:

- (1) Transfers: Legally required transfers that are reported when incurred as "Transfers In" by the recipient fund and as "Transfers Out" by the disbursing fund.
- (2) Reimbursements: Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are displayed as interfund receivables and payables.

The composition of the Agency's interfund activities and balances are presented in Note 12.

TEXAS DEPARTMENT OF INSURANCE (454)

NOTE 2: CAPITAL ASSETS

Revenue received from the sale of surplus property is recorded in unappropriated General Revenue.

A summary of changes in Capital Assets for the year ended August 31, 2015 is presented below:

TEXAS DEPARTMENT OF INSURANCE (454)

NOTE 3: DEPOSITS, INVESTMENTS AND REPURCHASE AGREEMENTS

The Texas Department of Insurance reports investments held in the Texas Treasury Safekeeping Trust Company. The Texas Treasury Safekeeping Trust Company is authorized by statute to make investments following the “prudent person rule.” There were no significant violations of legal provisions during the period.

DEPOSITS OF CASH IN BANK

As of August 31, 2015, the carrying amount of deposits was \$118,661,013.38 as presented below:

Governmental and Business-Type Activities

Cash In Bank – Carrying Value	\$ 146,669.84
Cash In Bank – Texas Treasury Safekeeping Trust Co.	0.00
	<u>\$ 146,669.84</u>
Cash In Bank Per AFR	<u>\$ 146,669.84</u>
Governmental Funds Current Assets Cash in Bank	<u>\$ 146,669.84</u>
Cash in Bank per AFR	<u>\$ 146,669.84</u>

Fiduciary Funds

Cash In Bank – Carrying Value	\$ 143,533.54
Cash In Bank – Texas Treasury Safekeeping Trust Co.	0.00
	<u>\$ 143,533.54</u>
Cash In Bank Per AFR	<u>\$ 143,533.54</u>
Fiduciary Funds Current Assets Cash in Bank	<u>\$ 143,533.54</u>
Cash in Bank per AFR	<u>\$ 143,533.54</u>

Discrete Component Units

Cash In Bank – Carrying Value	\$ 118,370,810.00
Cash In Bank Per AFR	<u>\$ 118,370,810.00</u>
Discrete Component Unit Current Assets Cash in Bank	<u>\$ 118,370,810.00</u>
Cash in Bank per AFR	<u>\$ 118,370,810.00</u>

These amounts consist of all cash in local banks. These amounts are included on the Combined Statement of Net Assets as part of the “Cash and Cash Equivalents” accounts.

As of August 31, 2015 the total bank balance was as follows:

Governmental and Business-Type Activities	\$139,289.30	Fiduciary Funds	\$143,533.54	Discrete Component Units	\$ 118,370,810.00
---	--------------	-----------------	--------------	--------------------------	-------------------

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Agency and the discrete component units will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Agency does not have a policy for custodial credit risk but maintains cash balances in a major financial institution and monitors account balances for amounts over \$250,000 of the Federal Deposit Insurance Corporation (FDIC) limit. The Surplus Lines Stamping Office’s cash deposits are held in a major financial institution and are insured up to \$250,000. Management monitors balances in all accounts and has not experienced any losses on the deposits. The Texas Health Insurance Pool deposits exceeding the insured limit are swept in to overnight investments which are backed by the full faith and credit of the United States. Texas Windstorm Insurance Association deposits exceed the insured limit, but the deposits are held in the Transaction Account Guarantee Program that guarantees 100% of their cash. Texas Life and Health Insurance Guaranty Association’s bank demand deposits are insured up to \$250,000 by the FDIC. Texas Title Insurance Guaranty Association’s cash management practices include deposit transfers to and from money market mutual fund accounts with the remainder covered by FDIC insurance. Fair Access to Insurance Requirements Plan Association deposits exceed the insured limit, but the deposits are

TEXAS DEPARTMENT OF INSURANCE (454)

held in the Transaction Account Guarantee Program that guarantees 100% of their cash. The Texas Property and Casualty Insurance Guaranty Association cash balances at various times during the year were in excess of the FDIC insurance limit. The Association's management believes the cash balances are held in high quality institutions, and therefore the Association's credit risk is at an acceptable level. The bank balances that were exposed to custodial credit risks are as follows:

Fund Type	GAAP Fund	Uninsured and uncollateralized	Uninsured and collateralized with securities held by the pledging financial institution	Uninsured and collateralized with securities held by the pledging financial institution's trust department or agent but not in the State's name
15	3159	\$360,612.00		
15	4165	\$14,386,794.00		
15	4154	\$641,585,007.00		
15	4163	\$87,933,198.24		

INVESTMENTS

As of August 31, 2015, the carrying value and fair value of investments are as presented below:

<u>Governmental and Business-Type Activities</u>		<u>Fair Value</u>
Repurchase Agreements-Texas Treasury Safekeeping Trust Co ❶		\$ 9,998,747.24
Total		<u>\$ 9,998,747.24</u>

Miscellaneous		719,757,081.00
Total		<u>\$ 1,640,217,594.00</u>

❶ – Repurchase Agreements with the Texas Treasury Safekeeping Trust Co. are recorded as Cash Equivalents – Miscellaneous in the Financial Statements and as Repurchase Agreements in the Notes, based on Reporting Requirements for Annual Financial Reports of State Agencies and Universities.

Credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, the Texas Department of Insurance had investments in U.S. Treasury Securities Money Market Mutual Fund which are backed by the U.S. government. The Surplus Lines Stamping Office investment policy allows negotiable certificates of deposits. The Texas Health Insurance Pool adopted a policy whereby all investments are backed by U.S. government and must have a Standards & Poor's and Moody's rating of A-1/P-1. Texas Windstorm Insurance Association held investments backed by the U.S. Treasury Money Market Funds program and other investments backed by the U.S. government. Texas Life and Health Insurance Guaranty Association held Money Market Mutual Funds and securities which are backed by the U.S. Government. Texas Title Insurance Guaranty Association is authorized to invest in money market mutual funds or obligations where the principal and interest are guaranteed by the U.S. Government. Fair Access to Insurance Requirements Plan Association held investments backed by the U.S. Treasury Money Market Funds program and other investments backed by the U.S. government. The general investment policy of the Texas Property and Casualty Insurance Guaranty Association is composed of debt securities purchased to be held for an indefinite period of time and are classified as available-for-sale-securities. The investments are exposed to various risk (market risk, credit risk and overall market volatility). It is at least reasonably possible that changes could materially affect the amounts in here reported. The Association also engages in transactions whereby certain securities in its portfolio are loaned to other institutions, generally in a short period of time.

TEXAS DEPARTMENT OF INSURANCE (454)

As of August 31, 2015 credit quality distribution for securities with credit risk exposure was as follows:

Fund Type	GAAP Fund	Investment Type	AAA	AA	A	BBB	NR
01	1006	Repurchase Agreement-Texas Treasury Safekeeping	\$6,745,992.40

Claims and Judgments

Qualified injured workers receive Lifetime Income Benefits that are paid until their death for total and permanent loss of a body part as provided in Section 408.161 of the Texas Labor Code. The amount of lifetime income benefits is equal to 75 percent of the employee's average weekly wage and benefits being paid and shall be increased at a rate of three percent a year subject to Section 408.061 of the Texas Labor Code.

Employees' Compensable Leave

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from State employment, provided the employee has had continuous employment with the State for six months. Expenditures for accumulated annual leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the Statement of Net Position. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

NOTE 12: INTERFUND ACTIVITY AND TRANSACTIONS

The Texas Department of Insurance (TDI) experienced routine transfers within the Agency, which were consistent with the activities of the fund making the transfer.

Current interfund payable and receivable balances at August 31, 2015 are as follows:

	<u>Current Interfund Receivable</u>	<u>Current Interfund Payable</u>
GENERAL REVENUE (01)		
Appd Fund 0001 (D23 Fund 0008)	\$ 2,638.20	\$ 5,103.26
SPECIAL REVENUE		
Appd Fund 0036 (D23 Fund 0011)	5,103.26	2,638.20
(D23 Fund 0024)	33,759.55	33,759.55
(D23 Fund 0025)	677.91	0.00
(D23 Fund 0036)	<u>0.00</u>	<u>677.91</u>
Total Interfund Receivable/Payable	<u><u>\$ 42,178.92</u></u>	<u><u>\$ 42,178.92</u></u>

NOTE 13: CONTINUANCE SUBJECT TO REVIEW

Under HB1951, 82nd Legislature, Regular Session, Sec. 1.002, Subsection (a), Section 31.004 of the Insurance Code was amended to read as follows: "The Texas Department of Insurance is subject to Chapter 325, Government Code (Texas Sunset Act). Unless continued in existence as provided by that chapter, the department is abolished September 1, 2023."

Under HB1675, 83rd Legislature, Regular Session, Sec. 4.02, Subsection (b), Section 31.004 of the Insurance Code was amended to read as follows: "The duties of the Division of Workers' Compensation of the Texas Department of Insurance under Texas Workers' Compensation Act, Labor Code Title 5, expire September 1, 2021 or another date designed by the Legislature."

NOTE 14: ADJUSTMENTS TO FUND BALANCES AND NET POSITION

N/A

NOTE 15: CONTINGENCIES AND COMMITMENTS

N/A

NOTE 16: SUBSEQUENT EVENTS

The Agency has the following subsequent events that may greatly affect the financial condition of the agency such as important contractual or grant arrangements, changes in material amounts of property, or other significant administrative or accounting activities:

- Senate Bill 1367 of the 83rd Legislature directed the Texas Department of Insurance to abolish the Texas Health Insurance Pool (THIP), discretely presented proprietary component unit fund 4152. THIP was abolished effective August 31, 2015. Final reporting for THIP will be at the end of fiscal year 2016.

TEXAS DEPARTMENT OF INSURANCE (454)

NOTE 17: RISK MANAGEMENT

The Texas Department of Insurance (TDI) is exposed to a variety of civil claims resulting from the performance of its duties. It is the Agency's policy to periodically assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed.

The Agency assumes substantially all risks associated with tort and liability claims due to the performance of its duties. The only commercial insurance carried by the Agency is a Public Officers Liability Insurance policy, which is issued in accordance with terms and conditions from the State Office of Risk Management. TDI is not involved in any risk pools with other government entities.

The Agency's liabilities are reported when it is both probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Liabilities are reevaluated periodically to consider current settlements, frequency of claims, past experience and economic factors. There were no significant reductions in insurance coverage in the past year and losses did not exceed funding arrangements during the past three years.

Changes in the balances of the Agency Fund 0036 claims liabilities during the fiscal 2014 and 2015 were as follows:

	<u>Beginning of Fiscal Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>Balance at Fiscal Year End</u>
2014	\$	\$ 90,000.00	\$ 90,000.00	\$
2015	\$	\$ 9,782.50	\$ 9,782.50	\$

Balances of the Agency Fund 5101 claims liabilities during fiscal 2015 were as follows:

	<u>Beginning of Fiscal Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>Balance at Fiscal Year End</u>
2015	\$	\$ 6,879,044.87	\$ 6,879,044.87	\$

Balances of the discrete presented component unit claims liabilities during fiscal 2015 were as follows:

	<u>Beginning of Fiscal Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>Balance at Fiscal Year End</u>
2015	\$	\$ 43,094,710.00	\$ 43,094,710.00	\$

NOTE 18: MANAGEMENT'S DISCUSSION AND ANALYSIS

TEXAS DEPARTMENT OF INSURANCE (454)

NOTE 19: THE FINANCIAL REPORTING ENTITY

The Financial Reporting Entity

As required by Generally Accepted Accounting Principles, these financial statements present Texas Department of Insurance (TDI) (the primary government) and its component units. The component units discussed below are included in the Agency's reporting entity because of the significance of their operational or financial relationships with the State.

Individual Component Unit Disclosures Discretely Presented Component Units:

TDI is financially accountable for the following legally separate entities; however, they do not provide services entirely or almost entirely to TDI. They are reported in separate exhibits to emphasize that they are legally separate from TDI. The fiscal year-end for these component units is December 31.

1. The *Surplus Lines Stamping Office of Texas* was created under Insurance Code Chapters 981.151 – 981.160 to assist this Agency in the surplus lines insurance regulation, encourage compliance by surplus lines agents and insurers with the surplus lines law and the rules of TDI. The Commissioner of Insurance appoints all members of the board of directors. The stamping office performs its functions under a plan of operation approved by order of TDI. The State of Texas has the ability to impose its will upon the stamping office through the approval of the assessment rate that funds its operations.
2. The *Texas Health Reinsurance System* reinsures risks covered under the health benefit plans of small employers' insurance carriers. The Commissioner of Insurance appoints, supervises and controls the nine-member board. The State of Texas has the ability to impose its will through TDI Commissioner's approval of base reinsurance premium rates and the assessment rates against reinsured health benefit plan issuers.
3. The *Texas Health Insurance Pool* (THIP) provides access to quality health care at a minimum cost to the public for those unable to obtain traditional health care coverage. The Commissioner of Insurance appoints members of the board of directors. The primary government imposes its will through TDI who approves all premium rates and rate schedules before they are used. Senate Bill 1367 of the 83rd Legislature directed the Texas Department of Insurance to abolish THIP. THIP was abolished effective August 31, 2015.
4. The *Texas Windstorm Insurance Association* (TWIA) is the State's insurer of last resort for wind and hail coverage in the fourteen coastal counties and parts of Harris County. Through the Commissioner of Insurance the primary government appoints all members of the board of directors. Additionally, the primary government can impose its will with the Commissioner of Insurance having the discretion to modify or approve fee changes impacting revenue.
5. The *Texas Life and Health Insurance Guaranty Association* protects persons against failure in the performance of contractual obligations under life, accident and health insurance policies, and annuity contracts because of the impairment or insolvency of the member insurer that issued the policies or contracts. Through the Commissioner of Insurance the primary government appoints all members of the board of directors. The primary government can impose its will through the Commissioner of Insurance who can modify, override, or veto an action of the Association.
6. The *Texas Title Insurance Guaranty Association* protects the holders of covered claims if a title insurer becomes insolvent and protects consumers served by impaired title agents. The Commissioner of Insurance appoints all members of the board of directors. The primary government can impose its will through the Commissioner of Insurance who may direct the association at the association's expense and on behalf of an impaired agent to close real estate transactions, disburse escrow funds, record documents, and issue final title insurance policies.
7. The *Fair Access to Insurance Requirements Plan Association* delivers residential property insurance to residents of Texas in areas that are not adequately served by the voluntary insurance market. The Commissioner of Insurance appoints all members of the governing committee. The primary government can impose its will through the Commissioner of Insurance who can remove a governing committee member without cause and can impact revenues by approving or disapproving rates charged.
8. The *Texas Property and Casualty Insurance Guaranty Association* protects claimants or policyholders from financial loss when an insurer is impaired, assists in the detection and prevention of insurer insolvencies, provides a mechanism for the payment of claims under certain insurance policies to avoid excessive delays in payments, and provide an association to assess the cost of protection among insurers. The Commissioner of Insurance appoints four members of the board of directors and approves the remaining five members appointed by member insurers. The primary government can impose its will through the Commissioner of Insurance who approves the plan of operation and subsequent amendments and can require the board to assess additional dollars to pay covered claims whenever an insurer becomes impaired.

Complete financial statements of the individual component units can be obtained from their respective administrative offices.

Related Organizations

1. The **Texas Mutual Insurance Company** was created under Chapter 2054 of the TIC and operates as a domestic mutual insurance company. The Commissioner of Insurance regulates this entity to the same extent as a private mutual insurance company. The Governor appoints five of the nine members of the board with the advice and consent of the Senate.
2. The **Texas Self-Insurance Group Guaranty Association** was created pursuant to Chapter 407A of the Texas Workers' Compensation Act Labor Code, for the purpose of providing payment of workers' compensation insurance benefits for injured employees covered by an insolvent workers' compensation self-insurance group. The Division of Workers' Compensation Commissioner appoints two of the six members of the board and approves three other members selected by representatives of the certified workers' compensation self-insurance groups.

RELATED PARTIES

Liquidation Oversight is primarily funded by the assets of receiverships. Currently, there are 16.85 budgeted positions for Liquidation Oversight. The 16.85 FTEs are allocated positions. Liquidation Oversight operations include: administration, docketing, financial/auditing, and records management.

NOTE 20: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

TX Property and Casualty Insurance Guaranty Association (TPCIGA), discretely presented component unit fund 4165, reported a negative net position of \$56,037,085.00. This deficit is a result of two factors:

- Large increase of claims due to increased insolvency activity during this reporting period
- Unrealized losses on securities due to changes in market value.

TX Health Insurance Pool (THIP), discretely presented component unit fund 4152, reported a negative net position of \$375,546. This deficit is a result of two factors:

- Accrued expenses expected to be incurred in dissolution.
- THIP was abolished effective August 31, 2015 per Senate Bill 1367 of the 83rd Legislature. The final reporting for THIP will be at the end of fiscal year 2016.

Texas Department of Insurance (454)
Schedule 1A - Schedule Of Expenditures Of Federal Awards

For the fiscal year ended August 31, 2015

Note 2 - Reconciliation

Below is a reconciliation of the total of federal pass-through and federal expenditures as reported on the schedule of Federal Financial Assistance to the total of federal revenues and federal pass-through revenues as reported in the general purpose financial statements. Generally, federal funds are not earned until expended; therefore, federal revenues equal federal expenditures for the reporting period.

Per Combined Statement of Revenues, Expenditures, and Changes in Fund Balance/Statement of Activities - Governmental Fund Types (Exh. II):

Federal Revenue	\$ 4,130,349.39
Federal Grant Pass-Through Revenue	<u>\$ 93,472.20</u>
 Total Pass-Through and Expenditures per Federal Schedule	 <u><u>\$ 4,223,821.59</u></u>

Separate Disclosure:

Federal Revenue on Exhibit IV, but not considered to be Federal Revenue for the Schedule: Discretely Presented Proprietary Component Unit - Texas Health Insurance Pool (U/F 0393) Entity subject to own audit and not included on Federal Schedule.	 <u><u>\$ 5,602,521.00</u></u>
