of Insurance

2025 Annual Financial Report
by the
Texas Department of Insurance
Submitted November 2025

First printing, November 2025

Publication ID: TDIAFR | 1125

This document is available online at www.tdi.texas.gov/reports

October 28, 2025

Honorable Greg Abbott, Governor
Honorable Kelly Hancock, Acting Texas Comptroller
Jerry McGinty, Director, Legislative Budget Board
Lisa Collier, State Auditor

Dear Governor Abbott, Acting Comptroller Mr. Hancock, Mr. McGinty, and Ms. Collier:

I am pleased to submit the annual financial report of the Texas Department of Insurance for the year ending August 31, 2025.

The report was compiled in compliance with Texas Government Code Section 2101.011 and in accordance with the requirements established by the Texas Comptroller of Public Accounts.

The Comptroller does not require the annual financial report to comply with all the requirements of Governmental Accounting Standards Board Statement 34. The state auditor will consider the financial report for audit as part of the state's *Annual Comprehensive Financial Report*; therefore, an opinion has not been expressed on the financial statements and related information in this report.

Karen Urban, reporting director, is the lead staff on this matter. She can be reached by phone at 512-676-6172 or by email at karen.urban@tdi.texas.gov.

Sincerely,

Cassie Brown
Commissioner of Insurance

TEXAS DEPARTMENT OF INSURANCE (454)**NOTES TO THE FINANCIAL STATEMENTS****NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES****ENTITY**

The Texas Department of Insurance (TDI) is an agency of the State of Texas, and its financial records comply with State statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' *Reporting Requirements for State Agencies*.

TDI's statutory authority is Section 31.002 of the Texas Insurance Code. Section 31.002 states "the department shall: (1) regulate the business of insurance in this state; (2) administer the workers' compensation system of this state as provided by Title 5, Labor Code, (3) ensure that this code and other laws regarding insurance and insurance companies are executed, (4) protect and ensure the fair treatment of consumers, and (5) ensure fair competition in the insurance industry in order to foster a competitive market." The history of the agency dates to the Texas Constitution of 1876. Since then, the composition of the agency has changed several times. In 1993, House Bill 1461, 73rd Legislature, Regular Session, amended the Insurance Code to establish the commissioner of insurance as the primary policy-setting authority and to abolish the three-member State Board of Insurance no later than September 1, 1994. The board transferred all remaining authority to the commissioner effective December 16, 1993. In addition, effective September 1, 2005, House Bill 7, 79th Legislature, Regular Session, created the Division of Workers' Compensation within TDI. This legislation transferred many of the duties and functions of the abolished Texas Workers' Compensation Commission to the Division of Workers' Compensation to administer and operate the State's workers' compensation system.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Annual Comprehensive Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

TDI includes within this report all component units as determined by an analysis of their relationship to TDI as listed below:

Blended Component Units

No component units have been identified that should be blended into an appropriate fund.

Discretely Presented Component Units

These component units are legally separate from the State, but are financially accountable to the State, or have a relationship with the State such that exclusion would cause the financial statements to be misleading or incomplete. The component unit columns of the financial statements include the financial data of these three entities. Information on these component units can be found in Note 19.

- Surplus Lines Stamping Office of Texas (Stamping Office)
- Texas Windstorm Insurance Association (TWIA)
- Fair Access to Insurance Requirements Plan Association (FAIR)

TEXAS DEPARTMENT OF INSURANCE (454)**FUND STRUCTURE**

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting entity.

GOVERNMENTAL FUND TYPES AND GOVERNMENT-WIDE ADJUSTMENT FUND TYPES**General Fund**

The General Fund is the principal operating fund used to account for most of the State's general activities. It accounts for all financial resources except those accounted for in other funds.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than for private-purpose trusts or for major capital projects) that are legally restricted to use for specified purposes.

Capital Assets Adjustment Fund Type

Capital Assets Adjustment Fund Type is used to convert governmental fund types' capital assets from modified accrual to full accrual.

Long-Term Liabilities Adjustment Fund Type

Long-Term Liabilities Adjustment Fund Type is used to convert governmental fund types' debt from modified accrual to full accrual.

Other Adjustments Fund Type

Other Adjustments Fund Type is used to convert all other governmental fund types' activity from modified accrual to full accrual.

FIDUCIARY FUND TYPES

Fiduciary funds account for assets held by the State in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Insurance company receivership assets are held by the commissioner of insurance exclusively in her capacity as receiver. These assets belong to insurance companies and other entities in receivership and are not the property of the State.

Custodial Funds

Custodial Funds are used to account for resources that are not required to be reported in pension (and other employee benefits) trust funds, investment funds or private-purpose trust funds.

Private-Purpose Trust Funds

Private-Purpose Trust Funds are used to account for all other trust arrangements whose principal and interest benefit individuals, private organizations, or other governments.

TEXAS DEPARTMENT OF INSURANCE (454)**COMPONENT UNITS**

The fund types of the individual discrete component units are available from the component units' separately issued financial statements. Additional information about component units can be found in Note 19.

Proprietary Component Units are used to account for discretely presented component units that follow proprietary fund measurement focus and accounting principles.

BASIS OF ACCOUNTING

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year-end.

The State of Texas considers receivables collected within 60 days after year-end to be available and recognizes them as revenues of the current year for Fund Financial Statements prepared on the modified accrual basis. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual basis of accounting. The following activities are recognized in these fund types:

- Capital assets
- Accumulated depreciation
- Leases
- Unpaid employee compensable leave
- Full accrual revenues and expenses

Private-purpose trust funds are accounted for on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services in connection with the proprietary funds principal ongoing operations.

TEXAS DEPARTMENT OF INSURANCE (454)**BUDGET AND BUDGETARY ACCOUNTING**

The budget is prepared biennially and represents appropriations authorized by the Legislature and approved by the governor (the General Appropriations Act).

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

ASSETS, LIABILITIES, AND FUND BALANCES/NET POSITION**ASSETS****Cash and Cash Equivalents**

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of general obligation and revenues set aside for statutory or contractual requirements.

Inventories and Prepaid Items

Inventories consist of consumable inventories. The consumption method of accounting is used to account for inventories and prepaid items that appear in the governmental and proprietary fund types. The cost of these items is expensed when the items are consumed.

Capital Assets

Assets with an initial, individual cost of more than \$5,000, and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost or, if purchased, at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. Assets are depreciated over the estimated useful life of the asset, using the straight-line method.

All capital assets acquired by proprietary funds are reported at cost or estimated historical cost, if actual historical cost is not available. Depreciation is charged to operations over the estimated useful life of each asset, using the straight-line method.

Other Receivables – Current and Noncurrent

Other receivables include year-end revenue accruals. This account can appear in governmental and custodial fund types.

Other Assets – Current and Noncurrent

Other assets reflect the portion of any assets not appropriate for other asset accounts. The following component units reported other current and noncurrent assets more than 5% of their total assets.

TEXAS DEPARTMENT OF INSURANCE (454)

The Stamping Office (fund 3159) reported \$198,420.03.00 in other current assets, and (\$85,479.17) in other noncurrent assets.

TWIA (fund 4154) reported \$67,307,770.00 in other current assets, and \$321,590.00) in other noncurrent assets.

FAIR (fund 4163) reported \$39,452,814.00, and \$0.00 in other noncurrent assets for FY 2025.

LIABILITIES**Accounts Payable**

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Other Payables – Current and Noncurrent

Other Payables are the accrual at year-end of expenditure transactions. Payables may be included in either the governmental or proprietary fund types. The disaggregation of other payables, for proprietary fund types, as reported in the financial statements, is disclosed in Note 24.

Claims and Judgments

Claims and Judgments are those that are settled yet unpaid at year-end but will be paid with future fund resources.

Employees Compensable Leave Balances

Employees Compensable Leave Balances represent the liability that become "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net position.

Lease Liability

Lease liability represents the amount recognized by a lessee on its financial statements regarding its leases. It is initially measured at the present value of lease payments and is remeasured whenever there is a change in lease payments or lease modification. Liabilities are reported separately as either current or noncurrent.

FUND BALANCE/NET POSITION

The difference between fund assets and liabilities is "Net Position" on the government-wide, proprietary, and fiduciary fund statements. The "Fund Balance" is the difference between fund assets and liabilities on the governmental fund statements.

Fund Balance Components

Fund balances for governmental funds are classified as nonspendable, restricted, committed, assigned, or unassigned in the fund financial statements:

- Nonspendable fund balance includes amounts not available to be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact.

TEXAS DEPARTMENT OF INSURANCE (454)

- Restricted fund balance includes those resources that have constraints placed on their use through external parties or by law through constitutional provisions.
- Committed fund balance can be used only for specific purposes pursuant to constraints imposed by a formal action of the Texas Legislature, the State's highest level of decision-making authority.
- Assigned fund balance includes amounts constrained by the State's intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by (1) the Texas Legislature or (2) a body (for example, a budget or finance committee) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.
- Unassigned fund balance is the residual classification for the general fund. This classification represents fund balances that were not assigned to other funds and were not restricted, committed, or assigned to specific purposes within the general fund.

Invested in Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes, and other debts that are attributed to the acquisition, construction, or improvement of those assets.

Restricted Net Position

Restricted net position results when constraints placed on net resources are either externally imposed by creditors, grantors, contributors, and the like or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position

Unrestricted net position consists of net resources that do not meet the definition of the two preceding categories.

INTERFUND ACTIVITIES AND BALANCES

The agency has the following types of transactions among funds:

- (1) Transfers: Legally required transfers that are reported when incurred as "Transfers In" by the recipient fund and as "Transfers Out" by the disbursing fund.
- (2) Reimbursements: Repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are displayed as interfund receivables and payables.

TEXAS DEPARTMENT OF INSURANCE (454)

NOTE 2: CAPITAL ASSETS

Revenue received from the sale of surplus property is recorded in unappropriated General Revenue. A summary of changes in Capital Assets for the year ended August 31, 2025, is presented below:

TEXAS DEPARTMENT OF INSURANCE (454)

NOTE 3: DEPOSITS, INVESTMENTS, AND REPURCHASE AGREEMENTS

TDI reports investments held in the Texas Treasury Safekeeping Trust Company. The Texas Treasury Safekeeping Trust Company is authorized by statute to make investments following the “prudent person rule.” There were no violations of legal provisions during the period.

DEPOSITS OF CASH IN BANK

As of August 31, 2025, the carrying amount of deposits were as presented below.

Governmental and Business-Type Activities	
Cash in Bank - Carrying Value	\$ 271,601.80
Addition: Pending withdrawal	0.00
Less: Interest Paid	(176.43)
Governmental Funds Current Assets Cash in Bank	<u>\$ 271,425.37</u>
Cash in Bank per AFR	<u>\$ 271,425.37</u>
Fiduciary Funds	
Cash in Bank - Carrying Value	\$ 4,699,018.11
Fiduciary Funds Current Assets Cash in Bank	<u>\$ 4,699,018.11</u>
Cash in Bank per AFR	<u>\$ 4,699,018.11</u>
Discrete Component Units	
Cash in Bank - Carrying Value	\$ 133,345,831.00
Discrete Component Unit Current Assets Cash in Bank	<u>\$ 133,345,831.00</u>
Cash in Bank per AFR	<u>\$ 133,345,831.00</u>

These amounts consist of all cash in local banks. These amounts are included on the Combined Statement of Net Assets as part of the “Cash and Cash Equivalents” accounts.

As of August 31, 2025, the total bank balance was as follows:

Governmental and Business-Type Activities	\$271,601.80	Fiduciary Funds	\$4,699,018.11	Discrete Component Units	\$133,345,831.00
---	--------------	-----------------	----------------	--------------------------	------------------

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, TDI and the discrete component units will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, TDI and the discrete component units will not be able to recover the value of the investment or collateral securities that are in the possession of the outside party.

TDI does not have a policy for custodial credit risk but maintains cash balances in a major financial institution and monitors account balances for amounts over \$250,000 of the Federal Deposit Insurance Corporation (FDIC) limit. The Stamping Office depository accounts are covered by the FDIC up to \$250,000 and they do not have collateralized securities in excess of the FDIC limits; therefore, they are not exposed to custodial credit risk. TWIA deposits exceed the insured limit. FAIR deposits exceed the insured limit. The bank balances that were exposed to custodial credit risks are as follows:

TEXAS DEPARTMENT OF INSURANCE (454)

Fund Type	GAAP Fund	Uninsured and uncollateralized	Uninsured and collateralized with securities held by the pledging financial institution	Uninsured and collateralized with securities held by the pledging financial institution's trust department or agent but not in the state's name
15	4154	\$261,865,731.00		
15	4163	\$62,175,529.00		

INVESTMENTS

As of August 31, 2025, the carrying value and fair value of investments were as presented below:

Governmental and Business-Type Activities

	Fair Value
Repurchase Agreements - Texas Treasury Safekeeping Trust Co. ❶	\$ 17,331,871.13
Total	<u>\$ 17,331,871.13</u>

Total	<u>\$ 226,887,434.00</u>

❶ Repurchase Agreements with the Texas Treasury Safekeeping Trust Co. are recorded as Cash Equivalents – Miscellaneous in the Financial Statements and as Repurchase Agreements in the Notes, based on Reporting Requirements for Annual Financial Reports of State Agencies and Universities.

Credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, TDI had investments in U.S. Treasury Securities Money Market Mutual Fund that are backed by the U.S. government. The Stamping Office investment policy allows negotiable certificates of deposits. TWIA held investments backed by the U.S. Treasury Money Market Funds program and other investments backed by the U.S. government. FAIR held investments backed by the U.S Treasury Money Market Funds program and other investments backed by the U.S. government.

TEXAS DEPARTMENT OF INSURANCE (454)

Claims and Judgments

Qualified injured workers receive Lifetime Income Benefits that are paid until their death for total and permanent loss of a body part as provided in Section 408.161 of the Texas Labor Code. The amount of lifetime income benefits is equal to 75% of the employee’s average weekly wage and benefits being paid and shall be increased at a rate of 3% a year subject to Section 408.061 of the Texas Labor Code.

Employees’ Compensable Leave

Agencies commonly provide benefits to employees in the form of compensated absences. If a state employee has continuous employment with the state for at least six months, the state employee is entitled to be paid for all unused vacation time in the event of the employee’s resignation, dismissal, or separation from state employment.

Expenditures for accumulated annual leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the statement of net position. Both an expense and a liability for business-type activities are recorded in the proprietary funds as the benefits accrue to employees.

TEXAS DEPARTMENT OF INSURANCE (454)

Right to Use Lease Obligations

GASB No. 87 establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.

Right to Use Subscription Obligations

GASB No. 96 establishes accounting and financial reporting standards for the right to use subscription obligations.

NOTE 6: BONDED INDEBTEDNESS

NOTE 13: CONTINUANCE SUBJECT TO REVIEW

Under SB 1659, 88th Legislature, Regular Session, Article 1, Sec. 1.13, Subsection (a), Section 31.004 of the Insurance Code was amended to read as follows: "The Texas Department of Insurance is subject to Chapter 325, Government Code (Texas Sunset Act). Unless continued in existence as provided by that chapter, the department is abolished September 1, 2029."

Under SB 1659, 88th Legislature, Regular Session, Article 1, Sec. 1.13, Subsection (b), Section 31.004 of the Insurance Code was amended to read as follows: "Unless continued as provided by Chapter 325, Government Code, the duties of the Division of Workers' Compensation of the Texas Department of Insurance under Title 5, Labor Code, expire September 1, 2029, or another date designated by the legislature."

NOTE 14: ADJUSTMENTS TO FUND BALANCES AND NET POSITION

During fiscal year 2024, an error correction resulted in adjustments to and restatements of beginning net position and fund net position, as follows:

	Discretely Presented Component Units (GAAP Fund 3159)	Total
Fund Balance / Net Position as of Sept. 1, 2024	\$ 40,247,103.41	\$ 40,247,103.41

NOTE 17: RISK MANAGEMENT

TDI is exposed to a variety of civil claims resulting from the performance of its duties. It is TDI’s policy to periodically assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed.

TDI assumes substantially all risks associated with tort and liability claims due to the performance of its duties. TDI carries both automobile liability insurance for agency drivers and owned vehicles, as well as a specialty risk policy for cyber liability. Both policies were issued in accordance with terms and conditions from the State Office of Risk Management. TDI is not involved in any risk pools with other government entities.

TDI’s liabilities are reported when it is both probable that a loss has occurred, and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Liabilities are reevaluated periodically to consider current settlements, frequency of claims, past experience and economic factors. There were no significant reductions in insurance coverage in the past year, and losses did not exceed funding arrangements during the past three years.

PRIMARY GOVERNMENT

Changes in the balances of the governmental claims liabilities during the fiscal year 2025 were as follows:

Fund	Beginning Balance	Increases	Decreases	Ending Balance
9997	\$ 8,896,566.60	2,129,953.57	(293,241.76)	\$ 10,733,278.41
5101	0.00	8,354,013.16	(8,354,013.16)	0.00
Total	\$ 8,896,566.60	10,483,966.73	(8,647,254.92)	\$ 10,733,278.41

FIDUCIARY FUNDS

Balances of the fiduciary funds claims liabilities during the fiscal years 2024 and 2025 were as follows:

FY	Beginning Balance	Claims and Changes in Estimates	Claims Payments	Ending Balance
2024	\$ 0.00	133,906,667.49	(133,906,667.49)	\$ 0.00
2025	\$ 0.00	163,565,196.05	(163,565,196.05)	\$ 0.00

TEXAS DEPARTMENT OF INSURANCE (454)**NOTE 18: MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**

NOTE 19: THE FINANCIAL REPORTING ENTITY

As required by Generally Accepted Accounting Principles, these financial statements present the TDI (the primary government) and its component units. The component units discussed below are included in TDI's reporting entity because of the significance of their operational or financial relationships with the state.

Individual Component Unit Disclosures**Discretely Presented Component Units**

TDI is financially accountable for the following legally separate entities; however, they do not provide services entirely or almost entirely to TDI. They are reported in separate exhibits to emphasize that they are legally separate from TDI. The fiscal year-end for these component units is December 31. The component units are responsible for reporting their financial information to TDI for presentation in the financial statements. TDI does not verify the accuracy or completeness of the information and provides no assurances otherwise.

1. The Surplus Lines Stamping Office was created pursuant to Texas Insurance Code Chapter 981, Subchapter D, to assist TDI in the regulation of surplus lines insurance. The commissioner of insurance appoints all nine members of the board of directors. The Stamping Office performs its functions under a plan of operation approved by commissioner order. The Stamping Office assesses each surplus lines insurance agent a stamping fee for the administrative funding of the Stamping Office. The primary government can impose its will on the Stamping Office as the assessment rate that funds its operations is subject to commissioner approval.
2. TWIA was created pursuant to Texas Insurance Code Chapter 2210 and is the state's insurer of last resort for wind and hail coverage in the 14 coastal counties and portions of Harris County. The commissioner of insurance appoints all nine members of the board of directors. The primary government can impose its will on TWIA, as the commissioner of insurance has discretion to modify or approve fee changes and approve maximum liability limits for windstorm and hail insurance policies issued by TWIA.
3. FAIR was created pursuant to Texas Insurance Code Chapter 2211 and was created to deliver residential property insurance to residents of Texas in areas that are not adequately served by the voluntary insurance market. The commissioner of insurance appoints all 11 members of the governing committee. The primary government can impose its will on FAIR, as the commissioner of insurance can remove a governing committee member without cause and can impact revenues by approving or disapproving rates charged.

Complete financial statements of the individual component units can be obtained from their respective administrative offices.

Related Organizations

1. The *Texas Life and Health Insurance Guaranty Association* (TLHIGA) was created pursuant to Texas Insurance Code Chapter 463 for the protection of persons against failure in the performance of contractual obligations under life, accident, and health insurance policies and annuity contracts because of the impairment or insolvency of the member insurer that issued the policies or contracts. The commissioner of insurance appoints the nine-member board of directors of the association.
2. The *Texas Title Insurance Guaranty Association* (TTIGA) was created pursuant to Texas Insurance Code Chapter 2602 for the purpose of protecting Texas title insurance policyholders and claimants when a title insurance company or agency fails. This applies to all title insurance written by title insurance companies authorized to do business in Texas. The commissioner of insurance appoints the nine-member board of directors.
3. The *Texas Mutual Insurance Company* (Texas Mutual) was created pursuant to Texas Insurance Code Chapter 2054 and operates as a domestic mutual insurance company providing workers' compensation insurance in the state of Texas and also serves as the insurer of last resort. The commissioner of insurance regulates this entity to the same extent as a private mutual insurance company. The governor appoints five of the nine members of the board with the advice and consent of the Senate.

For the Fiscal Year Ended August 31, 2025

Note 2 - Reconciliation

Below is a reconciliation of the total of federal pass-through and federal expenditures as reported on the schedule of Federal Financial Assistance to the total of federal revenues and federal pass-through revenues as reported in the general purpose financial statements. Generally, federal funds are not earned until expended; therefore, federal revenues equal federal expenditures for the reporting period.
