Property and Casualty Annual Statement (Statutory Page 14) For the 2025 Calendar Year

Executive Summary

This report provides Texas premiums, losses, and certain expenses for each stock, mutual, Lloyds, county mutual, reciprocal, farm mutual, risk retention, and title insurance company licensed to write property, casualty, or title insurance in the state. The report provides this premium, loss, and expense data for the calendar year ending December 31, 2025, on a direct basis before any reinsurance. TDI takes this information from the Exhibit of Premiums and Losses (commonly called "Page 14" or "Statutory Page 14") for Texas contained in insurers' annual financial statements obtained from the National Association of Insurance Commissioners' (NAIC) financial statement database.

The report shows the data by company, by company type (stock, mutual, Lloyds, county mutual, reciprocal, farm mutual, risk retention, and title), and for all companies combined for each of 51 different types of property and casualty insurance. Different types of insurance include homeowners insurance, private passenger automobile insurance, medical malpractice insurance, commercial liability insurance, workers' compensation insurance, and other types of personal and commercial property and liability insurance.

This data can be used to develop information about the property and casualty insurance market, including market shares, loss ratios, and other statistics. However, the data in this report is not appropriate for measuring the adequacy or inadequacy of the rates for a company or type of insurance.

Why did we do this report?

TDI compiles and publishes this information annually as a reference for TDI staff, other state agencies, policymakers, and the public.

These figures represent the actual premiums written for the calendar year ending December 31, 2025. The exception is Title premiums earned. Beginning in 2020, direct premiums earned was changed to net premiums earned by NAIC. This change makes the Exhibit of Premiums and Losses consistent with the Schedule T.
4. Losses are reported on a direct basis before reinsurance assumed or ceded and represent loss payments made during the calendar year as well as reserves set up for outstanding losses for future payments. Paid losses represent the actual loss payments made during the calendar year as of December 31, 2025. Incurred losses represent actual loss payments made during the calendar year plus the loss reserves for outstanding claims at the end of the calendar year minus the loss reserves for outstanding claims at the beginning of the calendar year and further adjusted for appropriate reserves for incurred but not reported cases. Losses reported on Statutory Page 14 exclude all loss adjustment expenses.
5. Dividends reported represent premium dollars returned or credited to the policyholders during the calendar year ending December 31, 2025.
6. Data in this report was obtained from the NAIC database in April 2025. In a few cases, company data may have been amended but not updated in this report. If a company submitted amended data to the NAIC after April 2025, it will not be reflected in this report.
